Art, like evolution, is a force that cannot be stopped. It is essential to life.

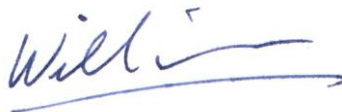

Against all odds, Art erupts from the most unexpected places.

As technology makes our world more interconnected, the act of creation has become a universal language and a vital conversation. Your work is a thrilling contribution to that dialogue.

It's been an honor to have you included.

Thank you for sharing your work with us and with the world.

Sincerely,

William Etundi Jr.

Founder of SeeMe
